

## **A Long Obedience in the Same Direction**

**Week two - Let's Go**

***Psalm 122***

**Bottom line: We go to worship on purpose and for a purpose - it's how we keep going in the same direction.**

1. Read Psalm 122
2. What are some of the places you go for specific reasons? How does having a place for something help?
3. What are some of the places you associate with your faith?
4. The writer of Psalm 122 got excited about going to worship. Do you identify with that feeling? Why or why not?
5. How does focusing on God - praising God, focusing on His decisions - change the way we worship and what we expect from worship?
6. How does, or can, worship change the way we see and handle the rest of our week?
