

Some Assembly Required

Week one - "People, Places, and Things"

Hebrews 9:1-15 and Ephesians 2:18-22

Bottom line: We are building a church, piece by piece, person by person, and our time is now.

1. What do we mean when we say we're "going to church?" What are you looking for, or hoping for, when you go to church?
2. Read Ephesians 2:18-22
 - a. How did Jesus change our access to God?
 - b. What does it mean for Jesus to be the cornerstone?
 - c. How does this description change, or enhance, your understanding of what it means to be the church?
3. How can we function as the physical representation of Christ for our community? How can you carry God with you into the various aspects of your everyday life?
