### **Bible Study: Luke 3 –Repentance & Preparation**

#### **Historical Context**

- Luke specifies the time of John the Baptist's ministry, grounding the gospel in verifiable history.
- The presence of multiple rulers (Roman and Jewish) and high priests (Annas and Caiaphas) is highlighted to show the real, historical setting of Jesus' ministry.

## **John the Baptist' s Ministry**

- John preached a "baptism of repentance for the remission of sins," preparing people for Jesus.
- His baptism was a public act of turning from past ways, not itself the means of salvation.
- Repentance, biblically, is not just feeling sorry but turning around and living differently.

## **Repentance Explained**

- **Repentance = Action:** Not just emotion or confession, but a change in direction and behavior.
- **Examples:**
  - Those with extra should give to those in need.
  - Tax collectors should stop extorting and collect only what is fair.
  - Soldiers should avoid intimidation and be content with their wages.
- Repentance bears visible fruit—real-life change.

## **Repentance vs. Salvation**

- Repentance alone does not save; it prepares the heart for receiving the salvation Jesus offers.
- Many try to live better lives by their own strength but need the cleansing and empowering work of Jesus and the Holy Spirit.
- The rich and those who love sin struggle to receive salvation because their hearts are not ready to give up what they value most.

## **Jesus' Teaching on Discipleship (Matthew 16)**

- To follow Jesus, one must deny self, take up the cross, and be willing to lose one' s life for Christ' s sake.
- True discipleship means letting go of personal ambitions and treasures to pursue Christ and His kingdom.

## **God' s Promise: New Heart & Spirit (Ezekiel 36)**

- God promises not only to cleanse but to give a new heart and put His Spirit within believers.
- This enables true change—living according to God' s ways is possible only by the Spirit' s power.

---

## **Communion & Closing Reflections**

### **Communion Meaning:**

- Remembrance of Jesus' body broken and blood shed for the remission of sins.
- Communion is an ongoing invitation to repent, receive forgiveness, and ask anew for the Spirit' s help.

### **Encouragement:**

- Repentance is not a one-time event but a continual turning to God.
- If struggling with repeated failure, remember God' s provision: His blood cleanses, and His Spirit empowers.
- The church is invited to partake in communion as a declaration of dependence on Jesus for forgiveness and transformation.

### **Prayer:**

- For the Arnolds' ministry, for softened hearts in Mexico, and for spiritual fruit.
- For all present to experience true repentance, Spirit-empowered living, and deep fellowship with Christ.

---

### **Key Takeaways:**

- Support and pray for missionaries as an extension of your own heart and treasure.
- Repentance is more than feeling sorry—it' s a real change in direction and action.
- True change and discipleship are only possible by God' s Spirit, not self-effort.
- Communion is both a reminder of Christ' s sacrifice and an invitation to ongoing transformation.

**Blessing:**

- Prayer for God's blessing on the congregation, their fellowship, and the week ahead.
