

## How to play Kahoot! Trivia game

Want to play an online Trivia game with your small group?

It requires very little preparation from the group leader and no preparation for the group members. (They just need to be able to access the internet from their phone or computer.)

Here's what to do:

1. Click on one of these Kahoot Trivia games to play as a group. Or choose your own from Kahoot's site.
  - i. [General Trivia \(20 questions\)](#)
  - ii. [Movie Trivia \(15 questions\)](#)
  - iii. [Music Trivia \(8 questions\)](#)
2. Select "Play as guest" (unless you already have a Kahoot account). Then choose the "Classic" option.
3. At this point, "share your screen" with the rest of your group.
4. Have you group members follow the prompts on the screen.
5. Once everyone has typed in their names, click Start.
6. Have fun!

Additional notes:

- The free-to-play options are available for 10 people or less. Otherwise, you'll have to purchase an upgraded account.
- Couples can play together as a team. So if a Marrieds Group has 10 couples or less, you're good to go.
- You get points for answering the questions quickly and correctly.
