

Easter Eggs – 3rd Messianic Miracle: Heal a Man Born Blind

Discussion Questions:

If you had to pick a favorite miracle of Jesus (perhaps one you wish you could have witnessed), which would you pick? Why that one?

What has been your favorite messianic miracle we have discussed (heal a leper, cast out a mute demon, heal a man born blind)? Why that one in particular?

If someone missed our service this week and asked you to, in 2 minutes or less, summarize the message and the 3rd messianic miracle (what was it, why it was thought impossible, what it was such a big deal culturally, etc), how would you answer them?

How often do you find yourself thinking (intentionally or unintentionally) that your suffering or hardship is the result of your sin? Your family's sin? The sin of others?

Why do you think the pharisees were so adamant the formerly-blind-now-seeing man was lying?

Give an example from the New Testament of someone(s) protecting the worship of God and missing the work of God. Give an example from the Old Testament. Give an example from the last 10 years.

What do you think is an example of God working right now (person, people group, movement, etc) that much of the church is missing because it doesn't "look right"?

What do you think the 4th Messianic Miracle is?
