

## Connect to Faith and God

### Discussion Questions:

Do you agree with the opening premise that connecting to faith and God, connecting to others, and connecting to kingdom work will lead to a more fulfilled and satisfied life? Why or why not?

Do you believe a person can ever be 100% satisfied and 100% fulfilled in this life?

- If yes, how?
- If no, why not?

As we begin this series, rank your current self in these areas on a 1-10:

- How connected are you to faith and God?
- How connected are you to other Jesus-followers?
- How connected are you to kingdom work?

What have you found that works for you in connecting with faith and God? Why do you think that works so well for you?

What have you found that works for others, but does not work for you? Why do you think that does not work for you?

What is an area or approach that you would like to experiment with? How will you do that this week?
