We Get What Christ Has Paid For!

When we are behind enemy lines, we must have the eyes of our understanding opened to see the unseen. We must know the territory and points of entry into every portal and place of satanic jurisdiction. The angel Gabriel did not have the clearance cost for the prince of Persia's region, but Micheal the archangel did.

There appears to have been a price increase to the call & commission on the lives of the chosen elect of God. However, we are moving from glory to glory and the kingdoms of this world are becoming the kingdoms of our Christ. We are elevating beyond yesterdays battles and laying siege to what's set before us.

There will always be price increase and inflation. However, I don't want to focus this morning on inflation as it pertains to natural sustenance or commerce goods. When we move from glory to glory and elevation is resting on our lives the price of suffering will increase. We must understand the times that are upon us. To whom much is given, much is required.

I want to shift our mindset this morning to transcend the natural major focus on the impact of inflation and the strategic dialogue of economist weighing in on the straight in which we find ourselves in politically. Even those conversations that are leaving many believers afraid and anxious as to whether or not they will be overtaken by famine and lack of provisions to function day to day. We are in the world but not of the world. The financial dealings and computations at the bank are not the same on the battle field of Christ.

Imputation - God counts (reckons; calculates) the righteousness of Christ to His elect's account; impute means to reckon; "to count", "to compute" or "to calculate"; to charge to one's account. There is no imputation where there is no law.

Romans 5:13 KJV

^[13] (For until the law sin was in the world: but sin is not imputed when there is no law

Romans 4:8 KJV

⁸ Blessed is the man to whom the Lord will not impute sin.

When someone covers the cost of something we are responsible for, we don't agonize over whether we have the money to cover the charge. We don't seek to make plans to give it back. We are free from the bill based on nothing we've done but accepted the gift.

The price increase for believers seems to be reflected in the increase of suffering and adversity. It is a price that has been allotted for by the “imputation of Christ righteousness”. The blood of Jesus Christ is rich enough to accommodate any and every struggle increase in the life of a true child of God. Currency to pay for performance and victory on the battlefield can not be humanly earned it has to be supernaturally imputed.
