

Session 4

We want to consider some of the most common causes of lost love in marriage to help us understand where problems may lie and then offer biblical solutions.

1. Not having a love relationship with Christ our Lord

An intense passionate love for God will promote an intense and passionate love for others
1John 4:20

2. The lack of freedom in our relationships

Love allows someone to make their own choices without being forced, coerced or manipulated

3. The lack of equality

If one partner is not being listened to, is put down, or is dominated by the other, things begin to break down.

4. Not resolving your conflicts

The basic cause of our conflicts are selfishness, pride, an unwillingness to compromise.

5. The lack of romance and sexual intimacy

When your mate is romantically and sexually starving in your relationship then you will naturally grow apart. 1Cor 7:3-5
