**3. Giving releases God's blessing. *Malachi 3:10 NLT***

**4. Giving makes us more like Jesus. *John 3:16 NLT***

In the Bible, tithes and offerings are both acts of worship, but they are not the same. God uses them to teach us obedience and generosity from the heart.

### **1. Tithes: What We Owe**

A tithe means one-tenth. In Scripture, the tithe was the first portion that belonged to God. Jesus Himself affirmed it when He said, “*You should tithe, yes...*” (Matthew 23:23 NLT). The tithe is about honoring God first and trusting Him with what He has given us.

### **2. Offerings: What We Give Freely**

Offerings are voluntary gifts we give from love, gratitude and worship. They are not measured by percentage, but by the heart. Offerings show our desire to bless God beyond obedience. “*You must each decide in your heart how much to give. And don’t give reluctantly or in response to pressure. “For God loves a person who gives cheerfully.”*” (2 Corinthians 9:7 NLT)

### **3. Tithe Is a Principle, Offering Is a Heartbeat**

The tithe teaches discipline, but the offering expresses devotion. One is returning to God what is already His; the other is giving to God because He is worthy. Together, they shape a life that puts God first with joy.
