“Surviving a Hostile Environment

Text: 1 Peter 5:6-11

Big Idea: *Surviving our increasingly hostile environment demands a submissive heart, a defiant confidence and a determined desire to see God glorified.*

There are three things I want us to note in our text.

I. *Surviving a hostile environment demands a humble submission and a stubborn defiance. (5:6-9)*

II. *Surviving a hostile environment requires a steadfast confidence in our God’s gracious care and provision. (5:10)*

III. *Your survival of this hostile environment results in the praise and glory of our God. (5:11)*

Conclusion:

We live as aliens and strangers in this world. We journey towards our home in glory. Life in this fallen, sin-cursed world is filled with heartache and sorry but we march on. Our eyes fixed on the One who has promised to restore, confirm, strengthen and establish us.

We survive this hostile environment by way of *a submissive heart, a defiant confidence and a determined desire to see our God rightfully glorified.*
