

Esther #2
“A Real-World Gospel”
Esther 2:1-18
April 30, 2023

Main Idea: The story of Esther serves to assure us that the Hand of Providence governs the affairs of this world.

- I. The Hand of Providence plays out in the muck and filth of a world marred in sin.*
- II. The doctrine of Divine Providence is not diminished by the presence of hard and difficult questions.*
- III. As the people of God, we rest in the power and promise of our God.*
