1 Peter #13

*“Living In Light of His Coming”*

**Text: 1 Peter 4:7-11**

***Big Idea: In an age dominated by the myth of social progress and unlimited potential believers must live lives focused on the fact of the coming judgment.***

There are two things I would like us to note from our text.

***I. The urgency of the hour simplifies our options. (4:7-11a)***

***II. The urgency of the hour reminds us of the goal of our living. (4:11b)***

***Conclusion:***

I'm no political expert. I'm not a prophet. I don't know what is going to happen in the Ukraine, or Israel or anywhere else on the planet, with certainty. But I do know the Lord Jesus is coming again in power and great glory. He is coming to bring an end to this world as we know it. There is coming a day of judgment. What are we to do? How are we to live? Prayerfully, lovingly, with humility, grace and truth, as we speak the word of God with boldness and compassion. To the glory and honor of our King.
