

HERE AS IN HEAVEN

10 Year Celebration

February 22, 2026

1. Pastor Jack shared many verses in The Bible that liken us, humans, to trees, and taught us about the differences between being planted & rooted versus being potted. Additionally, he used the 5 words below to help deepen our understanding (briefly explained here):
 - I. Foundation- The foundation at Cityline Church is based on four core movements (passionately pursue Jesus, lead well, live generously and build authentic community). What “movements” have you laid your core foundation on?
 - II. Framework- Cityline’s framework is based on spiritual formation. How does your framework support your foundation?
 - III. Fruit - Evidence that results from said framework and foundation.
 - IV. Future - Clarity of vision.
 - V. Flourish - Vigorous development.
- Utilize the alliteration above to discuss the following questions:
- A. What is your understanding of planted, potted, and rooted? Discuss what stands out to you in the context of your current faith journey? What stage are you in? Are you planted or potted? How do you know? What is the significance of John 15:6, and how can it help us desire to be rooted?
 - B. Read Psalm 92:12-15. Think about “fruit in old age” and long-term fruit from the choices you are making now. What kind of fruit do you hope God will grow in and through your life over the next 10 years?
2. Read Isaiah 61:11. What would it look like for our group to live as “oaks of righteousness” in the places of rebuilding, restoring, and renewing in Jesus’ name. In what areas can this group support your ongoing faith development?
