

When you think about prayer what comes to mind?

Read Matthew 11:28-30. God wants us to come to him when we are tired and worn out. How does this challenge or encourage you?

Which of the three prayer jolts, (Find your wave, increase your voltage and Recharge) is easiest for you to do? Which is the hardest?

Share about a time you prayed with another believer and God responded.

Take some time together and pray for one another, that God would increase our love for prayer.

PRAYER WORKS
