MESSAGE QUESTIONS

Have you ever worked to restore something? What was it and how did it go? What did you learn about 'restoration' from it?

How would you explain God's desire to restore in relation to The Garden of Eden?

Which side of the restoration coin do you fall on: metaschematizo (outward / social justice) metamorphoo (inward / heart / soul)? Jesus modelled and called us to both! Which do you need to become better at?

Do you live with a constant awareness of the mission God has called you to join Him in? How do you live that out practically?
