

Ride Out The Storm

Storms can be exciting, but they can also be very dangerous. Acts 27 tells of Paul, adrift at sea in the midst of a great storm. His main encouragement to his fellow passengers was to “ride out the storm.”

Moses started out to lead the children of Israel from Egypt. Pharaoh refused to let them go. The people turned against Moses, and from there things got worse. Moses was a success, not because he got the children of Israel to the promised land, but because he rode out the storm.

Job is an excellent example of perseverance. His main virtue is the fact that he rode out the storm. He weathered all of the temptations that Satan gave him and never charged God foolishly or cursed Him with his lips.

In our lives, a great deal of time and effort is spent in just riding out the storms. In our work, there are good times and there are bad times. Often there are a lot more bad times than there are the ones that eventually succeed. It seems that an education is often more a matter of perseverance than intelligence.

Problems with children and problems between husbands and wives often bring great turmoil and disruption. The successful homes are not always the homes that never had any problems. They are the ones that rode out the storm and worked to rebuild the relationships even stronger.

In our own personal lives, there are many storms that come: financial crises, emotional and physical problems. Some cannot ride out the storm and they look for an easy way out. The successes in life are the ones that have ridden out the storm. They certainly are not the people that never have the same problems the rest have.

We cannot help the storms that come in our lives, but we can control our reactions to them. These moments cause us to place our trust in God and hold more closely to Him with the certainty that *all things work together for good to them that love the Lord* (Romans 8:28).
