HOW DEEP IS YOUR SEARCH?

The above question may seem rather strange, since what might be anticipated in the wording would be something like “How deep is your Love?” However, there actually are deep connections between the two. For example, a deep love for those around you will cause a search into their interests, likes and dislikes, goals, ambitions, etc. Such a “search” is involved in deciding what to buy for birthday or anniversary gifts as well as other occasions. That being said, how “deep” is our search into the word of God and why should such a search be made? I submit that the depth of our search, our learning, and our application of His word into our life is directly proportionate to the depth of the love which we have for God.

That brings several questions into the conversation. What have we learned from God’s Word recently that we did not previously know? Should we be digging deeper into His Word the more we mature as Christians? How have our skills in handling the inspired word of God increased with time? Do we typically read God’s word to only reinforce what we already know or are we searching for more hidden treasures it contains? Does our excitement in what we find in such a search swell up so much that, like Jeremiah of old, we have to share it for *“His word was in my heart like a burning fire shut up in my bones; I was weary of holding it back, and I could not”* (Jer. 20:9 - NKJV). In such a search, we embrace both the significance of and purpose for God’s word with which Paul reminded Timothy. *“All Scripture is breathed out by God and profitable for teaching, for reproof, for correction, and for training in righteousness, that the man of God may be complete, equipped for every good work.”* (2 Tim. 3:16, 17 – ESV).

Several years ago, I changed the way I share outlines with the congregation. First, the outline. Remember back to the time you took notes in school, and this morning should not seem that strange. Write as much or as little as you desire as we open God’s word together. Second, the word search. If you: (1) see terms on a word list; (2) locate those terms in the word search; (3) see those same words on a PowerPoint; and (4) hear their significance to the context of the message; then what we share this morning will likely be remembered for a longer period of time. It is an honor to be able to be with you this morning as we share God’s Word together!

DID YOU KNOW?

Del City has a new Bible Study for Beginners and Learners. Is it possible to know for sure whether or not the things we believe in the Bible are actually based on fact? The answer is yes. We have historically reliable evidence to prove that Jesus is the Son of God and the Bible is the Word of God. But sadly many people, even within the church, have never heard them before.

Beginning **Sunday August 20th**, David Schmitt will begin teaching a new class entitled **“Historical Christian Evidences”**. The class is ideal for those who are brand new to Christianity, or those who desire to grow deeper in their understanding of God’s Word. It will also have benefit for those wishing to share their faith with others.

The class will take place in **Room 205** during regular Bible class to allow those with children to attend. Everyone is welcome and those just learning the Bible are especially encouraged to participate.

In addition, David would like to extend an invite for personal Bible studies to those who are interested in a more private setting. Please see David with any questions about the Bible class or to request a time to meet. You can also reach him via text or phone call at 405-219-0990.
