

Deliberate Discipleship - Lesson 1

Discussion:

1. Of the four key takeaways from the lesson (Humility, Courage, Demonstration, Imitation) which of them stand out to you particularly as a strength or weakness? (Share with the group why you think that is) How do others in your group perceive you, do they agree with your assessment? Are there any scriptures that come to mind that relate to the 4 takeaways relative to this lesson?
2. How do you see yourself making this lesson practical, that is “washing one another’s feet” in your life, in your small group?
