

A FEW SUGGESTED PRAGMATICS TO JUMP-START YOUR "CHARACTER OF GOD NOTEBOOK"

(1) Choose one specific character trait to FOCUS ON each month. Then journal key Scriptures that reflect that trait. You don't need to write the whole verse. Just note the part that you most want to remember. Try also focusing on this aspect of His character in your worship. (List of some of His character traits given to you on the front of this sheet.) I also love to PERSONALIZE some of those Scriptures and PRAY THEM BACK TO THE LORD. If you get bored with the trait you're exploring, switch to another one! Keep it interesting for yourself.

(2) Teach yourself to often ask this mental question: "What does this show me about God's character?" Journal in your Character of God Notebook about it. (I.E. Sam's health challenges reinforced much to me personally about God's character: His justice...His Fatherhood...His love.)

(3) The traits of parents often show up in their kids. So look for specific people who display specific parts of God's character. Then briefly journal about it in your Character of God notebook.

(4) Life itself will continue to show you "how God works." Journal on what specific circumstances teach you about His character.

Write it down! Write it down! Write it down!

Jeremiah 29:13-14 (It took the Children of Israel 70 years in captivity to get this truth through their heads and into their hearts.) "And you shall seek for Me and find Me...WHEN YOU SEEK FOR ME WITH YOUR WHOLE HEART."
