### New Sermon Series starting next week...

This spring we are exploring the spiritual disease that affects every human being. And yet, no one talks about it. This disease follows us around like a shadow and seeks to destroy our faith, decrease our joy and cause untold pain and brokenness. But, God wants to create a different experience for us. One where freedom and forgiveness overcome wounds and hiding. A life of healing and wholeness really is possible when we expose the lies of this disease.

**And its name is SHAME.**
