# A Divine Revelation Of Praise

## MAIN POINTS, DEFINITIONS & APPLICATION

### Praise From Revelation

Declaring from revelation, God's established work, instruction, and who He is.

- God finds a place of habitation through the portal of your praise
- Praise is declaring before the King the things you have seen

### Why Words?

One of the opposites of praise is silence (Zacharias, The Rocks will cry out!)

### Why Words?

We're on the Earth...

Through words of Praise, God establishes on earth as it is in heaven...

God can make a way out of no way through praise

- God released words of Light and then He SAW that it was good... Taste and see that the LORD is good.
