SELAH SUNDAY

From a Human Being to a Union Being:
Walk in the Light

QUESTIONS:

1. ***Can you speak a bit more about ontology and how it relates to this overall message?***

2. ***How should understanding light as part of our new identity change the way we see ourselves?***

3. ***What does scripture teach about growing into consistent, uninterrupted communion? And is that genuinely attainable for believers today?***

4. ***Before He was baptized, did Jesus experience what it was like to not be in perpetual light/prayer so that he would fully understand human challenges?***
