# Practice the Present of God

## QUESTIONS:

1. Why did Jesus need to pray since Jesus is God?
2. When speaking about prayer, you compared & contrasted the act of prayer with the state of prayer. Is it wrong to compare scripture as if to imply one is better than another?
3. Is it wrong to question that the Bible shows Jesus started praying at different times, vs. continually praying as directed in 1 Thess. 5:17?
4. Regarding revivals, is your point that revivals shouldn't be necessary? If you see them as valuable, how & when are they best used as a practice?
