

THE HOLY SPIRIT GUIDANCE

John 16:13

**WHAT DRIVES YOUR
LIFE DAILY?**

**“And I saw that all labor and all achievements
spring from man’s envy of his neighbor
This too is meaningless, a chasing after the
wind.”**

Ecclesiastes 4:4

Background:

You may be driven by a problem, pressure or a deadline. You may be driven by painful memory, a fear or an unconscious belief. There are many hundreds of circumstances, values and memories that can drive your life.

Realities:

People spend their entire lives running from regrets and hiding their shame . Guilt driving people are manipulated by memories. They allow their past to control their future. They often unconsciously punish themselves by sabotaging their own success, harboring hatred, unforgiveness, bitterness, envying and provocation.

When Cain sins his guilt disconnected him from God's presence, and God said "you will be a restless wanderer on the earth"

That describes most people today wondering through life without a purpose.

We are products of our past, but we don't have to be prisoners of it. God's purpose is not limited by our past.

He turned a murderer named Moses into a leader and a coward named Gideon into a courageous hero, and can do amazing things with the rest of your life too.

God specializes in giving people a fresh start. the Bible says “What happiness for those whose guilt has been forgiven. What relief for this who have confessed their sins and God has cleared their guilt”

The Holy Spirit Guidance

You are not alone in navigating life challenges alone. The Holy Spirit the very presence of God is with you ready to guide you every step of the way.

The Holy Spirit guidance isn't reserved for a select few or for extraordinary circumstances. It's available for you right now in your every day life. Whether you are making small decisions or facing life challenges choices, the Spirit is there offering wisdom, peace and direction.

The concern is whether the Holy Spirit is speaking and whether we are listening. Learning to recognize His voice and following His lead can transform your life.

The greatest thing that God has done for us since we believe is to make His Spirit available to us.

Many Christians are completely clueless of who the Holy Spirit is. Many others who even claim to know the Holy Spirit and have Him in their lives, do not know why He is in them. They have no idea what He can do with them, in them, and through them.

MOU of the Godhead - When God speaks, the Holy Spirit is the one who brings it to pass. He is the doer of the things of God. So when God wants to do something in your life, it will be by the Holy Spirit. This is why you need the Holy Spirit in your life.

If you have the Holy Spirit and let Him take charge of your life and surrender to Him daily, it doesn't matter what your situation is, He will turn it around for your good.

If the Holy Spirit takes over your family, takes over the youth of Calvary Temple, takes over business or your health, it doesn't matter what trouble you have been experiencing or what is been going wrong. It will begin to go from strength to strength, from grace to grace, from faith to faith, from success to success and from greatness to greatness.

When the Holy Spirit takes over your life He will drive every sickness out of your body and He will make right everything that was wrong.

Walking by the Spirit

**Walk by the Spirit and you will not gratify
the desires of the flesh**

Galatians 5:16

It does not say visit the Holy Spirit or occasionally listen to the Holy Spirit - it says "WALK". Walking implies movement consistently and direction it is not a temporary experience - "it is a way of life"

How do you move from knowing about God to truly walking with Him daily?

Many assumed growing closer to God requires striving, trying harder, doing more and proving your worth through religious efforts.

How Intimacy with God Works

The Holy Spirit was not given to you to make you struggle. He was given to you to make you struggle. He was given to make your relationship with God effortless, natural, and powerful.

Walking with the Holy Spirit is not about working harder - it's about yielding more. Its about surrendering control - allowing Him to lead and developing daily awareness of His presence.

This is the reason so many people feel stuck in their spiritual walk. They are trying to do it alone.

Pray when they feel strong but when weakness comes they stop. They seek God when they need something but when life is comfortable they drift. They are trapped in a cycle of pursuing God and the falling away. Never realizing that the Holy Spirit is already with them waiting for them to invite Him into their daily lives.

From this moment you never have to feel spiritually distant again. Wake up in the morning with confidence that God is guiding you. Hear his voice clearly, recognizing his leading and experience His power in every decision.

Many people live unaware that they already
have access to the Holy Spirit presence,
wisdom and direction

They are waiting for God to move when He is waiting for them to respond. The distance you feel - it's not because God has left you, it is because your awareness of Him has been clouded

This message is about awakening
that awareness. It's about learning
how to recognize the Holy Spirit voice

Remove the barriers that keep you at a distant
and step into the kind of relationship with God
that transfers and transform your entire life
