

Well Done

(Who Are These)

Who are these that learned the way of love?
Who taught us how to look for things above?
Who are these that showed us how to pray?
Counted joy when trials came their way?

Who are these who've come through the fire?
Who found in Christ their true desire?
Who've proved that when they're weak, he's strong?
(And) looked beyond the night to see the dawn?

We've seen your joy, we've seen your tears
How trust has overcome your fears
And hope has seen you through the years...well done

You've shown us how the race is run
How to fight until the battle's won
Stay faithful till we hear the Son...say well done

Who are these that blessed and served the least?
Who shared with us when we had need?
(Who) proved it really is more blessed to give
And taught us a gracious way to live?

Well done, good & faithful one,
Good & faithful one, well done
