Sermon Big Idea: The journey to restoration begins by trusting the plan, provision, and purposes of God.

Believe that what is happening around you is the plan of your sovereign God.

- *God directs the attitudes and actions of world leaders.*
- *God directs the attitudes and actions of His people.*

Entrust your life to the provision of a generous God.

Follow the covenant-making God who has called you for a purpose.

- Our restoration begins with the heart.
- Our restoration is determined by faith not by family.
