

# Homosexuals

Do you  
***Love  
Them?***

1 Pt. 3:15 But in your **hearts** revere **Christ** as **Lord**. Always be prepared to **give** an **answer** to **everyone** who **asks** you to give the **reason** for the **hope** that you have. But do this with **GENTLENESS** and **RESPECT**.

## Purpose of Booklets

These are **Short Starter** Studies on **Sensitive** Subjects that **Stir & Stimulate** you toward **Biblical, Practical** Information that show that **Jesus** has **Great Answers** to some of life's **Hardest Questions**.

## What if I Don’t Agree with What I Read?

There is always a good chance that I am wrong or that I have poorly communicated. I always encourage each person to research on your own. It may be that your research helps me and others to find God’s heart more clearly.

We all seek His truth by the two Bible measures of:

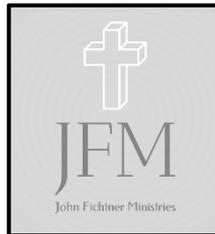

1. what is **clear** and **consistent** in **God’s Word** and
2. what bears the **Fruit** of **Jesus** in the lives of those who follow that application.

In heaven, all of God’s purposes in God’s Word will be clear and our actions will be aligned with God’s Word. I constantly ask myself, what will we **act** like and **believe** when we are in **heaven**. This is my goal in these booklets.

*“Thy kingdom come; thy **will** be **done** on **earth** as it is in **heaven**”*

## These are Very Dear **Friends!**

### **Love gives a choice.**

Over almost 50 years of counseling, I have had 100+ opportunities to love and serve people who are personally dealing with homosexuality at all levels. I love each of these people dearly.

I find people dealing with homosexuality to be **very tender, sensitive** people who have faced much rejection.

I am not just talking about rejection **after** they began a homosexual lifestyle. I have found them to be people who faced traumatic rejection **before** they began to practice the homosexual lifestyle.

**Add** that **rejection** to their **sensitive** nature and the **rejection** can **pierce** to a much **deeper** level.

I have also found some truth in the statement that people dealing with homosexuality can be bitter, very biting, and harsh in their reactions. There is a phrase within the inner healing community that carries much truth. This phrase is:

*“Hurting people hurt others”.*

It is not incongruous that someone can be tender, sensitive, kind and loyal and yet also be biting, sharp, bitter, and quickly agitated if they feel attacked.

In these 100+ situations I was sought as a counselor. My guess is that I have had so many seek me for counseling because they can tell that I love them dearly, I will never push them, I will listen well and offer options to their questions.

The **FIRST** question each of them ask me is whether they have a **CHOICE** in this subject of homosexuality.

They have been told by a cruel, uncaring world that they have no choice but must follow any emotional desire as their core identity.

- These world systems do **not care** about this person as an **individual**.
- To these world systems, this conflicted person is simply a **tool** to be **used** for their propaganda engine.

Yet these dear friends seeking my counsel are not idiots. They all have seen some **very obvious facts** that make them question this vicious world telling them that they have no choice.

Before they come to me, they are aware that:

1. IF they had NO CHOICE in their lifestyle, WHY are there are **tens of thousands** of very free and joyful people who **USED TO BE** heavily immersed in a homosexual lifestyle, yet they changed and now have decades of emotional freedom in a heterosexual lifestyle?

If **they** had **no choice**, then **why** do **OTHERS** get a **choice**?

I have never met someone who is involved in the homosexuality community who is not aware of others who changed and are NO LONGER homosexual.

These tender hearted dear friends are not idiots. However, when they ask this question amongst their worldly friends, they never get an answer except to be shouted at in vile anger. They are basically told that they are **NOT ALLOWED** to ask that question.

2. IF they had NO CHOICE, then WHY is it that **every single person** they know who is dealing with homosexuality at any level has faced **traumatic rejection experiences BEFORE** they felt these homosexual feelings?

This consistency of trauma connected to every person who is dealing with homosexuality at any level BEFORE they felt these emotions, is **horribly consistent**. Not only did every single person to whom I ministered experience this pre-homosexuality trauma, but everyone **they know** in the homosexual community **also faced** pre-homosexual emotional trauma.

In my counseling, I experienced 100% pre-homosexuality emotional trauma, but other counselors who have ministered to thousands in this area, also report a 100% pre-homosexuality emotional trauma.

Again, these dear friends are not idiots. They are very aware that emotional trauma can rewire someone's emotional base.

However, if they ask this question amongst their worldly friends, they never get an answer except to be shouted at in vile anger. They are basically told that they are **NOT ALLOWED** to ask that question.

3. IF they have NO CHOICE but to turn their emotions into action, WHY does every other emotionally painful subject get a choice?
- No one tells the person whose emotions feel **so angry at their children** that they **want to beat and abuse their children** that they HAVE TO turn those emotions into action!
  - No one tells the person whose emotions make them want to commit **suicide** that they HAVE TO turn those emotions into action!
  - No one tells the person whose emotions make them want to **kill their classmates** that they HAVE TO turn those emotions into action!
  - No one tells the person whose emotions make them want to **take drugs** that they HAVE TO turn those emotions into action!
  - No one tells the person whose emotions make them want to **kidnap and rape children** that they HAVE TO turn those emotions into action!
  - No one tells the person whose emotions make them want to **quit their job** that they HAVE TO turn those emotions into action!

They are the ONLY group who is told that emotions are the ONLY factor in core identity .

Again, these dear friends are not idiots.

However, if they ask these questions amongst their worldly friends, they never get an answer except to be shouted at in vile anger. They are basically told that they are **NOT ALLOWED** to ask those types of questions.

### **Love gives a choice!**

*For God so loved the world that he gave his only son..*

that we might have a CHOICE of where we spent eternity.

This is why so many have sought me out to wrestle through their questions. I give them dignity, love, friendship and the safety to ask the hard questions without being attacked.

## Satan's Goal – the Un-thinking Bystander!

### I decide what is right & wrong – NOT God!

There are other significant and important points of **science** and **logic** still to be covered in this booklet. First, though, we need to ask an important question.

Why are so many “**un-thinking**” bystanders so angry and so eager to say that there is “**nothing wrong**” with living a homosexual lifestyle?

The answer is simple, sad and clear.

They have taken this moral stance because **MEDIA** has told them **10,000+** times in the last **10 years** that there is “*nothing wrong*” with living a homosexual lifestyle.

They did **not** use logic or truth to come to this conclusion. They were simply hammered into this conclusion by emotionally embracing a media story, a tv show or a movie.

Most **don't remember when** they came to believe that there is “*nothing wrong*” with living a homosexual lifestyle. They simply absorbed this belief, without logic, because they were brainwashed into this belief through media.

Media exploded into the most influential force on the earth with the inception of the internet in 1990.

- A wise person would ask WHY the subject of the morality of homosexuality has been the number one agenda of media since 1990.
- A Christian would ask why the propaganda engine pushing homosexuality is Satan's strongest and # 1 priority in the end times?

The answer is obvious and clear.

When “**I decide**” that there is *nothing wrong*” with living a homosexual lifestyle, I have literally **renounced God** as God.

I have set myself as god and I am the **ONLY ONE** who can decide what is right and what is wrong.

Something **feels so good** about setting MYSELF as the final judge of all that is right and wrong.

That good feeling is the **pleasure of rebellion**.

For almost everyone, these are all subconscious **motives** that drive us.

That is why the Bible says:

I Cor. 4:5 Therefore judge nothing before the appointed time; wait until the Lord comes. He will bring to light what is hidden in darkness and will **expose the motives** of the heart.

2 Cor.2:11 in order that **Satan** might **not outwit** us. For we are **not unaware** of his schemes.

## More Logic and Science

### Sexual Fluidity

Since 2010 the term “Sexual Fluidity” has grown in popularity until it is now widely accepted as normal within the homosexual community. The concept is that a person can “CHOOSE” what sexual orientation they want to embrace that day.

It is similar to the word “bi-sexual” in that the person can decide on a daily basis which sexual orientation they choose for that day.

The shocking sadness is that no one in media points out the incongruity of saying that people are sexually fluid and can CHOOSE their own sexual identity day by day, while also proclaiming that people have NO CHOICE in their sexual identity.

### A study of almost 500,000 same sex individuals

A 2019 study of approximately 477,000 individuals led by Ben Neale at the Broad Institute represents the largest genetic analysis of same-sex sexual behavior to date. Key findings from the research include:

**Absence of a "Gay Gene":** The study definitively concluded there is no single gene responsible for sexual orientation.

**Highly Polygenic Nature:** Same-sex behavior is influenced by thousands of genetic variants, each having an extremely small individual effect.

**Genetic Contribution:** These variants collectively account for 8% to 25% of the variation in same-sex behavior among the population.

**Prediction Limitations:** Because the individual effects are so small, it is currently impossible to meaningfully predict an individual's sexual behavior based on their genome.

**Environmental Factors:** The majority of the variation is attributed to non-genetic factors, including environmental and societal influences.

## **Homosexuality & the Politics of Truth** by Dr. Jeffrey Satinover

Dr. Satinover is highly qualified to deal with this topic. He is a graduate of Harvard, MIT, University of Texas, and a former lecturer at Yale. He is a board certified MD in the private practice of psychiatry for over twenty years with extensive work with homosexuals. He is the recipient of many awards, including the Yale Seymour L. Lustman Research award, and past William James lecturer in Psychology and Religion at Harvard, among other qualifications.

Also, being from the Orthodox Jewish tradition, with its demanding intellectual rigor, he is able to bring a unique perspective.

Dr. Jeffrey Satinover gives specific information about how the removal of homosexuality from the (DSM) *Diagnostic and Statistical Manual of Mental Disorders*—specifically culminating in the 1987 (DSM-III-R) and 1994 (DSM-IV) versions—was the direct result of political activism, **coercion** and **threats** and did **not** involve any scientific research or new scientific discoveries.

The book also asks you to read the **facts** and decide for yourself. When you compare homosexual patterns with heterosexual patterns, it becomes clear that homosexuality is an **addiction**, as lethal or more so than alcoholism or drug addiction. Homosexuals have an average of **50** lifetime partners compared to heterosexuals who have an average of 4. One study found that **43%** of male homosexuals estimated having sex with **500** or more different partners, and **28%** estimated having sex with **1000** more partners. **Less** than **2%** of homosexuals are monogamous, compared to **83%** of heterosexuals.

### **If these concerns are so common, why have I not heard these things from my homosexual friends?**

There are two possible reasons.

1. First, they may not be asking these questions. They may have bought into the party line and don't feel comfortable asking hard questions.
2. Second, they may not consider you a "*Safe*" place to share their doubts and concerns.

Please remember that my situations involved people who sought me out as a counselor. These were deep thinking individuals who felt safe to share very personal concerns with me.

## Chap. 4

**What are the common traits of those who have successfully left the homosexual lifestyle?****Their repentance was NOT about homosexuality!**

There are hundreds of books written by those who have successfully left the homosexual lifestyle. The most common denominator is that each one had to recognize that the root of sin is “Selfishness” and “Self-Rule”.

These individuals learned to treat ALL sin as self-rule and that that victory comes from living only for Jesus and to let Jesus live through them in every area of their life.

I greatly encourage you to read some of their stories. They are very inspiring.

**They recognized that homosexuality is an addiction.**

I have seen hundreds become free from an addiction to pornography. Science has now proven repeatedly that an addiction to porn changes the human brain. It takes time to rewire the brain.

In addition, porn addicts need structure, purpose, support and tools to redirect their thoughts and emotions.

Whether it is an addiction to pornography, alcohol, anger or homosexuality, the factors involved in breaking an addiction are very similar.

**All of them embraced their tender sensitive nature and sought healing for the original wounds.**

- Unlike other addictions, homosexuality also requires the individual to face the wounds that happened BEFORE they started practicing homosexuality.
- In addition, these individuals have to learn to embrace and protect their tender, sensitive souls.

## Questions and Answers

### Four questions and a conclusion

#### Q. 1

What **TYPES** of **REJECTION** have you seen that people have faced, which **wounds** them **so deeply** that they **begin to want to believe** lies about themselves?

Before I answer this question, **PLEASE** remember that rejection **pierces** to a **MUCH DEEPER** level in the sensitive, tender person. Rejection that some people might shrug off, causes others to be shattered at the deepest level of their soul.

In my limited experience, I have seen **five** overall types of rejection. In most cases, the individual suffered multiple combinations of these five.

#### i. Family Rejection

Usually this is where one person can **never measure up** to a Parent's expectations and are **constantly made aware** of this.

#### ii. School or Society Rejection

It is often true that this sensitive person just did not fit into any of the very narrow molds around them and are made to feel excluded, useless and unloved.

#### iii. Homosexual Porn & Recruiting

Homosexual pornography is now rampant in elementary schools. When a sensitive tender person who does not fit in, sees this very graphic video it causes a traumatic horror of **both repulsion** and **attraction** that sticks in the child's mind. Because this child is extra **sensitive** and **insecure**, they **believe** it when they are told that their **reaction indicates** that they **MUST** be **homosexual**.

Beyond the trauma of homosexual porn, no societal group **recruits** as **aggressively** as the **same sex** community. **Finding** the **awkward outcast** is **easy**. Once identified, they are **offered** a sense of **safety**, **acceptance** and **community** in the same sex family. These traits of safety, acceptance and community are things this person has **deeply desired** for a **long time**.

#### iv. Molestation

When a child is groomed to be molested, they almost always have a distant relationship with one or both parents. Sadly, the child has the **same** traumatic horror of **both repulsion** and **attraction** to the molestation. This is a child that has **hungered** for **tender touch** and **acceptance** and the **only** place they found those two traits was at the hand of the molester.

## v. Media

With **every TV show** and every **movie**, they are **hammered** with the **lie** that same sex behavior is “**normal**” and there is **nothing wrong** with same sex behavior. This pounding wears them down.

If often leads to an **experimental seeking** of **same sex porn**, which is so readily available. After the initial two reactions of both repulsion and attraction, the **repulsion fades** and the **attraction increases**.

- This same pattern is used by media to entice people who become porn **addicts** of **heterosexual** porn.
- This same pattern is used by media to entice people who become porn **addicts** of **pedophile** porn.

In **all three**, the **repulsion fades** and the **attraction increases** until the person is **convinced** that these **emotions** are now their **core identity**.

### Q. 2

#### Can I CHANGE my Emotional perspective?

This is the **ROOT** issue.

**EVERY** person who struggles with temptation toward **ANY sin** has to first **win this battle** and **learn** how to **RE-DIRECT** their **emotions**.

In a simple analog

- **EMOTIONS** are the **CABOOSE** on the train.
- Our **CHOICES** are the **ENGINE!**

The **longer** the train of **wrong** choices, the **longer** it takes for our **emotions** to **catch up** with our **choices**.

In our booklet on “**TEENS**,” we have a **whole section** on how **emotions** are liars. I have **repeated that section below** because it is the foundational battle for many souls.

Excerpt from the booklet –

**“TEENS** – *These are the **Hardest** years of your lives!”*

One of the greatest life lessons anyone can learn is that most **NEGATIVE** Emotions are **LIARS!** Sadly, many adults in their **40s** and **50s** are still taking **BACKWARD** steps because they treat their **emotions** as **TRUTH**.

One of the greatest benefits of the teen years is that you have are **FLOODED** with lying, deceptive, misleading & false **NEGATIVE** Emotions that are trying to destroy you.

To **survive** the teen years, you **must learn** to:

**Separate Emotions from Truth.**

If a teen can learn this lesson during this **HARDEST** time of their life, then they will be extremely **successful, wise, and prosperous** as adults. When you learn to **NOT TRUST** your emotions, you **learn**:

1. Although it feels so real ...  
It is NOT the truth that you really **HATE** your **parents**
2. Although it feels so real ...  
It is NOT the truth that you really **HATE** your **Sibling**
3. Although it feels so real ...  
It is NOT the truth that you are so **DEPRESSED** that you want to **Die!**
4. Although it feels so real ...  
It is NOT the truth that this person's **ABUSE** makes you **LESS**
5. Although it feels so real ...  
It is NOT the truth that **ANGER** makes you **Stronger**
6. Although it feels so real ...  
It is NOT the truth that **FEARS have to happen**
7. Although it feels so real ...  
It is NOT the truth that **Pleasure can Satisfy.**
8. Although it feels so real ...  
It is NOT the truth that **Putting someone down** makes you **Better**
9. Although it feels so real ...  
It is NOT the truth that you can **NOT recover** from a **Broken Heart**
10. Although it feels so real ...  
It is NOT the truth that being **KIND** makes you **Weak**
11. Although it feels so real ...  
It is NOT the truth that **Skipping work** makes your life **Easier**
12. Although it feels so real ...  
It is NOT the truth that **Lying** helps you **Avoid Problems**

Once you realize that being a teen can teach you to always **FILTER** your emotions based on TRUTH, you will be very thankful for the pain of your teen years.

The subject of "Emotions are LIARS" is covered in greater depth in the booklet by that name!

**Q. 3**

What about those who say that they have had this same sex attraction since early childhood?

When you drill down on this question, the first thing you realize is that **NO ONE** has **SEXUAL attractions** in **early childhood**, except for the very **few** who faced **molestation** or **porn** at an earlier age.

In the **first 8-10 years** of our lives, **EVERYONE** has **seasons of being more attracted** to the **opposite sex** and **seasons** of being **more attracted** to people of the **same sex**.

These **wide ranging interactions** with our **same sex** and the **opposite sex** are all meant to be **learned** in a **safe healthy environment** of “**FRIENDSHIP**”.

**All of society** recognizes that **normal awakening of sexual desires** should take place in the **mid-teen** years.

Because of the **perversion** of media, many **young** people have their **sexual desires awakened** much **earlier** at ages such as 10, 9, or 8 years old.

This is so **sad** and **painful** because the **Bible** warns us **three** times to **NOT awaken sexual desire** before it’s time. Song of Solomon 2:7, 3:5, and 8:4.

**Then WHY do people say that they have had same sex attraction since early childhood?**

Honestly, this is something people are “**Taught**” to say. It is part of the **false narrative** that I was **BORN** this way **so God** can **NOT** condemn me.

If molestation or pornography is **forced** upon children **younger** than **8** years old, they can be **overwhelmed** with sexual desires at a **younger** age. Sadly, this **happens often**.

However, this is a **trauma** and **not** a **natural consequence**.

Q. 4

I have **heard it said** that the Bible does **not** call homosexuality as a **sin**. Is this **true**?

Not at all. Many times, the Bible commands us to not have ANY type of sexual behavior outside of a man and woman in marriage with verses like the two passages below.

Eph. 5:3 But among you there must not be **even a hint** of **sexual immorality**, or of **any kind of impurity**, or of greed, because these are improper for God's holy people.

Mark 10:6-9 But from the **beginning of creation**, 'God made them **male and female**.' 'Therefore, a **man** shall leave his father and mother and hold **fast** to his **wife**, and the **two shall become one** flesh.' So, they are no longer two but one flesh. What therefore **God has joined** together, let **not man separate**."

Beyond those verses, the Bible specifically lists homosexuality as a serious sin, similar to pornography in the following passages.

*Lev. 18:22, 20:13, I Cor. 6:9-10, I Tim. 1:10.* In Gen. 19, Sodom and Gomorrah is explained as sexual immorality and unnatural desire in Jude 1:7.

However, the **strongest** and **clearest** passage is in Romans 1. This passage not only **describes** same sex relationships in **detail** but also emphasizes that the **root sin** is when a **human** takes the stance that: "*I decide what is right and what is wrong*", **knowing** full well that they are **defying God** in the **process**. Romans 1:18-31

## Conclusion

Our **most important** step in any research project is to **ask God** to **search** our hearts!

Jer. 17:10 I the Lord **search** the **heart** and **examine** the mind, to **reward** each person according to their **conduct**, according to what their **deeds deserve**.

Please prayerfully ask yourself these two questions!

- Have I **humbly** asked the **hard questions** and **dug deep** on these subjects or do I just **repeat** the **party** line that media orders me to repeat?
- Do I believe that I get to **decide** what is **right** and what is **wrong**?
