What if I Don’t Agree with What I Read?

There is always a good chance that I am wrong or that I have poorly communicated. I always encourage each person to research on your own. It may be that your research helps me and others to find God’s heart more clearly.

We all seek His truth by the two Bible measures of:

1. what is **clear** and **consistent** in **God’s Word** and
2. what bears the **Fruit** of **Jesus** in the lives of those who follow that application.

In heaven, all of God’s purposes in God’s Word will be clear and our actions will be aligned with God’s Word. I constantly ask myself, what will we **act** like and **believe** when we are in **heaven**. This is my goal in these booklets.

These are Very Dear **Friends!**

Love gives a choice.

Over almost 50 years of counseling, I have had 100+ opportunities to love and serve people who are personally dealing with homosexuality at all levels. I love each of these people dearly.

I find people dealing with homosexuality to be **very tender, sensitive** people who have faced much rejection.

I am not just talking about rejection **after** they began a homosexual lifestyle. I have found them to be people who faced traumatic rejection **BEFORE** they began to practice the homosexual lifestyle.

Add that **rejection** to their **sensitive** nature and the **rejection** can **pierce** to a much **deeper** level.

I have also found some truth in the statement that people dealing with homosexuality can be bitter, very biting, and harsh in their reactions. There is a phrase within the inner healing community that carries much truth. This phrase is:

“Hurting people hurt others”.

It is not incongruous that someone can be tender, sensitive, kind and loyal and yet also be biting, sharp, bitter, and quickly agitated if they feel attacked.

In these 100+ situations I was sought as a counselor. My guess is that I have had so many seek me for counseling because they can tell that I love them dearly, I will never push them, I will listen well, and I will offer options to their questions.

The **first** point of frustration each of them express to me is that they have been told that they have **NO CHOICE** in their sexual identity.

They have been told by a cruel, uncaring world that they have no choice but must follow any emotional desire as their core identity.

- These world systems do **NOT CARE** about this person as an **individual**.
- To these world systems, this conflicted person is simply a **TOOL** to be **USED** for their propaganda engine.

Yet these dear friends seeking my counsel are not idiots. They all have seen some **very obvious facts** that make them question this vicious world telling them that they have no choice.

BEFORE they come to me, they are aware that: **WHY?**

1. IF they had NO CHOICE in their lifestyle then **WHY** are there

TENS of THOUSANDS of very free and joyful people who **USED TO BE** heavily immersed in a homosexual lifestyle, yet they changed and now have decades of emotional freedom in a heterosexual lifestyle? If **they** had **no choice**, then **why** do **OTHERS** get a **choice**?

This one point is so **forceful** in its **logic** that it really should **END** all **discussion** for any **logical** person. If people were BORN homosexual, then there would NEVER be any FORMER homosexuals.

The tens of thousands of **former** homosexuals is **common knowledge**. Every person I have known who is involved in the homosexuality community is **VERY AWARE** of others who changed and are **NO LONGER** homosexual.

These tender hearted dear friends are not idiots. However, when they ask this question amongst their worldly friends, they never get an answer except to be shouted at in vile anger. They are basically told that they are **NOT ALLOWED** to ask that question.

WHY?

2. IF they had NO CHOICE, then **WHY** is it that **every single person** they know who is dealing with homosexuality at any level has faced **traumatic rejection experiences BEFORE** they felt these homosexual feelings? This consistency of trauma connected to every person who is dealing with homosexuality at any level BEFORE they felt these emotions, is **horribly consistent**. Not only did every single person to whom I ministered experience this pre-homosexuality trauma, but everyone **they know** in the homosexual community **also faced** pre-homosexual emotional trauma.

In my counseling, I experienced 100% pre-homosexuality emotional trauma, but other counselors who have ministered to thousands in this area, also report a 100% pre-homosexuality emotional trauma.

Again, these dear friends are not idiots. They are very aware that emotional trauma can rewire someone's emotional base. However, if they ask this question amongst their worldly friends, they never get an answer except to be shouted at in vile anger. They are basically told that they are **NOT ALLOWED** to ask that question.

3. IF they have NO CHOICE but to obey their emotions, then WHY does every other emotionally painful subject get a choice?
- No one tells the person whose emotions feel **so angry** at their **mate** that they **want to beat** and **abuse their mate** that their emotions are the ONLY factor in their core identity and that they HAVE TO turn those emotions into action!
 - No one tells the person whose emotions make them want to commit **suicide** that their emotions are the ONLY factor in their core identity and that they HAVE TO turn those emotions into action!
 - No one tells the person whose emotions make them want to **take drugs** that their emotions are the ONLY factor in their core identity and that they HAVE TO turn those emotions into action!
 - No one tells the person whose emotions make them want to **kidnap** and **rape children** that their emotions are the ONLY factor in their core identity and that they HAVE TO turn those emotions into action!
 - No one tells the person whose emotions make them want to **quit** their **job** that their emotions are the ONLY factor in their core identity and that they HAVE TO turn those emotions into action!

They are the ONLY group who is told that emotions are the ONLY factor in core identity .

Again, these dear friends are not idiots. However, if they ask these questions amongst their worldly friends, they never get an answer except to be shouted at in vile anger. They are basically told that they are **NOT ALLOWED** to ask those types of questions.

Love gives a choice!

For God so loved the world that he gave his only son..
that we might have a CHOICE of where we spend eternity.

This is why so many have sought me out to wrestle through their questions. I give them dignity, love, friendship and the safety to ask the hard questions without being attacked.

LOGIC or EMOTIONS based?

Does my Amygdala or my PFC guide my decisions?

My Bossy Amygdala

The Amygdala is at the bottom of our brains just above the back of our neck. It is very **small**, about the size of a shelled peanut. It is only about **3/10,000** of the **total brain volume**.

The **constant desire** of the Amygdala is to **DOMINATE** the entire brain. The Amygdala is the center of our **anger** and **fear**!

The Amygdala fires off at **50 times** per **second**. It is very **loud** and **fast**. The more my Amygdala is **active** the more I am **ANGRY** or **FEARFUL** and I **REFUSE** to calmly **DISCUSS** a subject!

My Calm, Patient PFC

The Prefrontal Cortex is directly behind our foreheads. It is **massive**, occupying as much as the **ONE THIRD** of the **total brain mass**.

The PFC is the center of **LOGIC** in the brain. It is where our reasoning originates. The PFC moves very **SLOWLY**! The PFC takes between 10 seconds and 10 years to reason through a situation to a conclusion.

The more our PFC is engaged, the more we are **CALM & CURIOUS**!

Before you read the rest of this booklet!

If your Amygdala is dominating

then you are **already angry** and ready to **fight**. You have a strong **BIAS** to **DISAGREE** with anything you read! You are **aware** that you have only heard **ONE SIDE** of this discussion and you **DON'T CARE**! You do **NOT** want to hear **ANYTHING** that **disagrees** with your perspective!

If your PFC is in leading

then you are **calm** and **curious**. You don't have to prove any point, but **rest** in the **confidence** that the **more information** is **revealed** the more **clear** will be **truth** and **logic**. You are slightly uncomfortable with the fact that only one side of this discussion has been presented through loud media and you want to see if the points in this booklet are well reasoned and logical.

Media Rules the World!

5 Observations about Media!

Observation # 1 – Brain Waves Speed!

Brain waves are measured in Hertz (Hz), which represents the number of cycles per second of electrical activity in the brain. The five most major functions of the awake brain activity are:

Delta – .5-4 Hertz per second
Delta waves = our **sleep** function.

Theta – 4-8 Hertz per second **The Scary One**

Alpha – 8-12 Hertz per second
Alpha waves = **relaxed** and **meditative** like a day at the beach.

Beta – 12-30 Hertz per second
Beta waves = **active** thinking, **problem** solving and **conversation**.

Gamma – 30-100 Hertz per second.
Gamma waves = **intense** focus and sudden **insights**.

Here is some very **IMPORTANT** information about **THETA** Waves

Before the introduction of **Movies** and **TV**, Theta waves were a **very RARE** and very **SMALL** portion of our lives.

1. Most people only experienced Theta waves for a **few seconds** when they are half-awake and half-asleep when waking,
2. In the **1840s** James Braid began research on how to bring a patient into Theta Waves while still **awake**. He found that the Theta state made patients very **submissive** to **any suggestion**. Their **filters** and **logic** functions were **disabled** and they readily **obeyed illogical** orders. He called this state **Hypnosis!**
3. In 1969 Herbert Krugman produced research that showed that while watching TV and Movies, our brains are reduced to the passive, submissive Theta waves state.

With the **explosion** of media, we have **gone** from experiencing

Theta waves **2-5 SECONDS**/week to
Theta waves **30-50 HOURS**/week.

**9 Million
Percent
Increase**

Watch any happy, hyper **5 year old** who is put in **front** of a **TV** and you can see them transform into the **zombie** state of Theta waves.

Observation # 2 – Media’s level of Influence!

With the birth of the **internet** in **1990** and **smart phones** in **2007**, media has now become the **DOMINANT INFLUENCE** in the **world**.

If you asked all 8-9 billion people if media has **more worldwide influence** than any **individual** or **government**, you would get massive agreement.

Observation # 3 – Media’s Primary Goal!

Before 1990, throughout history, homosexuality was considered by most of the known world as something that was wrong!

Since 1990, with constantly **increasing frequency**, media has set the goal to convince every person that there is **NOTHING WRONG** with homosexuality.

Whether you think homosexuality is a normal behavior or is something wrong, **everyone** can **see** the obvious goal of media since 1990.

Observation # 4 – Amygdala HIJACK!

Short term “*Amygdala Hijack*” is recognized by people having **panic** attacks or explosions of **rage**. During those times, their **PFC** is completely **shut down** & they have **zero** rational or logical thoughts.

What is more important however, is the research on **LONG-term “Amygdala Hijacks”**. This is what scientists call **Brain Washing!**

When a cult wants to “*Brain Wash*” a victim, they place them in **hundreds** of situations that provide **deep EMOTIONAL Connection (Amygdala)** but are completely **ILLOGICAL!**

From a scientist point of view, their goal is to **permanently shut down** the **PFC** on **specific** subjects.

Since 1990, most people in the world have experienced **TENS of THOUSANDS** of Brain Washing opportunities related to homosexuality. In these very **emotionally connected** TV shows, they draw the viewer into a **deep emotional connection** with the people on the TV or movie. They then warmly present someone in homosexuality as **admired** and considered **normal** by everyone else in the TV or movie.

By placing the viewers in a **PASSIVE SUBMISSIVE Theta** brain state **ten thousand** times, media is able to create viewers who have lost the ability to **calmly** and **logically** examine this issue.

Observation # 5 – The Bible Predicted This!

The **final one third** of the book of Revelation is **dominated** by the discussion of “*Babylon*” **controlling** the **entire world**. We are told that we will **know** that we are in the very **END** of the “*End Times*” when **Babylon** has been **released** over the **entire** world. Revelation says that we will **recognize** the world-wide rule of Babylon by **two traits**.

1. People will be very **IRRATIONAL!**
2. There will be a level of **IMMORALITY** worldwide **never seen** before.

Here is the **SHOCKER!**
BEFORE ancient Babylon
 was called Babylon,
 its **NAME** was **MEDIA!**

As a former math major in college, I can tell you that the chances of this name being a **coincidence** are beyond mathematical probability.

Prepare to be **shocked** at the **detailed descriptions**
 of the **8 connections** between Babylon & Media!

Rev. 14:8 A second angel followed and said, "Fallen! Fallen is

- 1** *Babylon/Media* the Great,' which **2** *made/Forced or Required*
3 *ALL the nations World-Wide domination* to drink the
4 *maddening wine/Irrational thoughts* of her **5** *adulteries/Immorality*"

Rev. 18:2 below repeats those traits and may also predict the world-wide curse of **pornography** and **greed** that come through the world wide rule of *Babylon / Media*.

Rev. 18:2 Fallen! Fallen is Babylon the Great! She has become a

- 6** *dwelling for demons & a haunt for every impure spirit.../ Pornography*

³For all the nations have drunk the maddening wine of her adulteries. The kings of the earth committed adultery with her, and the

- 7** *merchants of the earth grew rich from her excessive luxuries. / Greed*

Notice also that this world wide dominating influence of *Babylon / Media* will be **DESTROYED** in an **HOUR**. All it takes is one powerful **solar flare** and **all media** will be **destroyed** in an instant.

*Rev.18:10 In **8** one hour / solar flare your doom has come!* *Rev.18:17 In*

- 8** *one hour / solar flare such great wealth has been brought to ruin!*

Satan's Goal – the Un-thinking Bystander!

I decide what is right & wrong – NOT God!

There are other significant and important points of **science** and **logic** still to be covered in this booklet. First, though, we need to ask an important question.

Why are so many “**un-thinking**” bystanders so **angry** and so eager to say that there is “**nothing wrong**” with living a homosexual lifestyle?

The answer is simple, sad and clear.

They have taken this moral stance because **MEDIA** has told them **10,000+** times in the last **30+ years** that there is “**nothing wrong**” with living a homosexual lifestyle, while they were in a **Theta** state.

They did **not** use logic or truth to come to this conclusion. They were simply hammered into this conclusion by **emotionally embracing** ten thousand media stories, tv shows, and movies.

They simply absorbed this belief, without logic, because they were brainwashed into this belief through media.

When “**I decide**” that there is **nothing wrong**” with living a homosexual lifestyle, I have clearly taken a stance that:

1. There are **no** moral absolutes!
2. I renounce the **Bible** as God's Word!
3. I **Renounce God** as God!

I have set myself as god and **I** am the **ONLY ONE** who can **decide** what is **right** and what is **wrong**.
 Something **FEELS SO GOOD** about setting **MYSELF** as the **final judge** of all that is right and wrong.
 That good feeling is the **pleasure** of **rebellion**.
 That is the real **motive** of our heart!

I Cor. 4:5 He will bring to light what is hidden in darkness and will **EXPOSE** the **MOTIVES** of the heart.

2 Cor.2:11 in order that **Satan** might **NOT OUTWIT** us. For we are **NOT UNAWARE** of **HIS SCHEMES**.

More Logic and Science

Sexual Fluidity

Since 2010 the term “Sexual Fluidity” has grown in popularity until it is now widely accepted as normal within the homosexual community. The concept is that a person can “CHOOSE” what sexual orientation they want to embrace that day.

It is similar to the word “bi-sexual” in that the person can decide on a daily basis which sexual orientation they **CHOOSE** for that day.

The shocking sadness is that no one in media points out the **incongruity** of saying that people are sexually fluid and can CHOOSE their own sexual identity day by day, while also proclaiming that people have **NO CHOICE** in their sexual identity.

A study of almost 500,000 same sex individuals

A 2019 study of approximately 477,000 individuals led by Ben Neale at the Broad Institute represents the largest genetic analysis of same-sex sexual behavior to date. Key findings from the research include:

Absence of a "Gay Gene": The study definitively concluded there is no single gene responsible for sexual orientation.

The concept of any behavior being pre-determined by genetic factors has already been disproven multiple times.

- In the 1970s, some errant scientists began to theorize that **CRIMINALS** had no choice in their actions because they were forced to be criminals by their genetic makeup. All follow up research **proved mathematically** that **no genetic makeup can predetermine** any habit.
- In the 1980s, some errant scientists began to theorize that **ALCOHOLICS** had no choice in their actions because they were forced to be criminals by their genetic makeup. All follow up research proved mathematically that no genetic makeup can **predetermine** any habit.
- The study of almost half a million **SAME SEX** individuals again proved that no genetic makeup can **predetermine** any habit.

Homosexuality & the Politics of Truth by Dr. Jeffrey Satinover

Dr. Satinover is highly qualified to deal with this topic. He is a graduate of Harvard, MIT, University of Texas, and a former lecturer at Yale. He is a board certified MD in the private practice of psychiatry for over twenty years with extensive work with homosexuals. He is the recipient of many awards, including the Yale Seymour L. Lustman Research award, and past William James lecturer in Psychology and Religion at Harvard, among other qualifications.

Also, being from the Orthodox Jewish tradition, with its demanding intellectual rigor, he is able to bring a unique perspective.

Dr. Jeffrey Satinover gives specific information about how the removal of homosexuality from the (DSM) *Diagnostic and Statistical Manual of Mental Disorders*—specifically culminating in the 1987 (DSM-III-R) and 1994 (DSM-IV) versions—was the direct result of political activism, **coercion** and **threats** and did **not** involve any **scientific research** or new scientific discoveries.

The book also asks you to read the **facts** and decide for yourself. When you compare homosexual patterns with heterosexual patterns, it becomes clear that homosexuality is an **addiction**, as lethal or more so than alcoholism or drug addiction. Homosexuals have an average of **50** lifetime partners compared to heterosexuals who have an average of **4**. One study found that **43%** of male homosexuals estimated having sex with **500** or more different partners, and **28%** estimated having sex with **1000** more partners. **Less** than **2%** of homosexuals are monogamous, compared to **83%** of heterosexuals.

If these concerns are so common, why have I not heard these things from my homosexual friends?

There are two possible reasons.

1. First, they may not be asking these questions. They may have bought into the party line and don't feel comfortable asking hard questions.
2. Second, they may not consider you a "*Safe*" place to share their doubts, sadness, and concerns.

Please remember that my situations involved people who sought me out as a counselor. These were deep thinking individuals who felt safe to share very personal concerns with me.

Chap. 6

What are the common traits of those who have successfully left the homosexual lifestyle?

Their repentance was NOT about homosexuality!

There are hundreds of **books** written by those who have **successfully left** the homosexual lifestyle. The most **common denominator** is that each one had to look past the subject of homosexuality to the **real root** of **ALL** sin! They recognized that the **root** of **ALL sin** is “*Selfishness*” and “*Self-Rule*”. That is what brought them freedom.

These individuals learned to treat ALL sin as self-rule and that victory comes from living only for Jesus and to let Jesus live through them in every area of their life.

I greatly encourage you to read some of their stories. They are very inspiring.

They recognized that homosexuality is an addiction.

I have seen hundreds become free from an addiction to pornography. Science has now proven repeatedly that an addiction to porn changes the human brain. It takes time to rewire the brain.

In addition, porn addicts need structure, purpose, support and tools to redirect their thoughts and emotions.

Whether it is an addiction to pornography, alcohol, anger or homosexuality, the factors involved in breaking an addiction are very similar.

All of them embraced their tender sensitive nature and sought healing for the original wounds.

- Unlike other addictions, homosexuality also requires the individual to face the wounds that happened BEFORE they started practicing homosexuality.
- In addition, these individuals have to learn to embrace and protect their tender, sensitive souls.

Questions and Conclusions

Five Key Questions and Three Helpful Conclusions

Q. 1

What **TYPES** of **REJECTION** have you seen that people have faced, which **wounds** them **so deeply** that they **begin to want to believe lies about themselves?**

Before I answer this question, **PLEASE** remember that rejection

pierces

to a **MUCH DEEPER** level in the sensitive, tender person. Rejection that **some** people might **shrug off**, causes others to be **shattered** at the **inmost** level of their soul.

In my limited experience, I have seen **four** overall types of rejection. In most cases, the individual suffered multiple combinations of these four.

i. Family Rejection

Usually this is where one person can **never measure up** to a Parent's expectations and are **constantly made aware** of this.

ii. School or Society Rejection /Loneliness

It is often true that this sensitive person just did not fit into any of the very narrow molds around them and are made to feel excluded, useless and unloved.

iii. Homosexual Porn

Pornography now covers the earth like a **cancer** causing **mold**. For the lonely, awkward person, who is invited into a community where they will feel loved and accepted by others, the turning point is often the homosexual porn.

The first time anyone views homosexual porn it causes great damage and trauma. Like a car wreck you can stop looking. For this lonely sad person, there is a combination of repulsion and attraction. However, the more they view the porn, the greater the attraction. The damage that porn does to our brains has been well documented by science.

iv. Molestation

Sadly, the molested child has the **same** traumatic mixture of **both repulsion** and **attraction** to the molestation. This is a child that has **hungered** for **tender touch, affirmation, and acceptance** and the **only** place they found those two traits was at the hand of the molester.

Q. 2**Can I CHANGE my Emotional perspective?**

Please read the **last few words** of the **12 statements** below **OUT LOUD!** You will be shocked at how it **awakens insights** in your mind!

This box is an excerpt from the booklet:

“TEENS – These are the **Hardest** years of your lives!”

To **survive** the teen years, you **must learn** to:

Separate Emotions from Truth.

If a teen can learn this lesson during this **HARDEST** time of their life, then they will be extremely **successful, wise, and prosperous** as adults. When you learn to **NOT TRUST** your emotions, you **learn**:

1. Although it feels so real ...
It is **NOT** the truth that you really **HATE** your **parents**
2. Although it feels so real ...
It is **NOT** the truth that you really **HATE** your **Sibling**
3. Although it feels so real ...
It is **NOT** the truth that you are so **DEPRESSED** that you need to **Die!**
4. Although it feels so real ...
It is **NOT** the truth that this person's **ABUSE** makes you **LESS**
5. Although it feels so real ...
It is **NOT** the truth that **ANGER** makes you **Stronger**
6. Although it feels so real ...
It is **NOT** the truth that **FEARS** **have** to **happen**
7. Although it feels so real ...
It is **NOT** the truth that **Pleasure** is your **Purpose** in **Life.**
8. Although it feels so real ...
It is **NOT** the truth that **Putting someone down** makes you **Better**
9. Although it feels so real ...
It is **NOT** the truth that you can **NOT recover** from a **Broken Heart**
10. Although it feels so real ...
It is **NOT** the truth that being **KIND** makes you **Weak**
11. Although it feels so real ...
It is **NOT** the truth that **Skipping work** makes your life **Easier**
12. Although it feels so real ...
It is **NOT** the truth that **Lying** helps you **Avoid Problems**

This is the **ROOT** issue!

EVERY person who wants to

CHANGE
in
ANY area

has to first **win this battle**
and **learn** how to
RE-DIRECT
their **emotions**.

In a simple analogy,

- **EMOTIONS** are the **CABOOSE** on the train.
- Our **CHOICES** are the **ENGINE!**

The **longer** the train
of **wrong** habits or choices,
the **longer** it takes
for our **emotions**
to **catch up** with correct **choices**.

Q. 3

What about those who say that they have had this same sex attraction since early childhood?

When you drill down on this question, the first thing you realize is that **NO ONE** has **SEXUAL attractions** in **early childhood**,

EXCEPT for the **those** who faced painful

“EXCEPT”
for
those!

rejection, loneliness
molestation or porn
at an earlier age.

In the **first 8-10 years** of our lives, **EVERYONE** has

- seasons of being **CURIIOUS** & more attracted to the **opposite sex** and
- seasons of being **CURIIOUS** & more attracted to people of the **same sex**.

These **wide ranging SEASONS** of **CURIOSITY** with both

- our **same sex** and
- the **opposite sex**

are all meant to be **learned** in a **safe healthy environment** of **“FRIENDSHIP”**.

Then WHY do people say that they have had same sex attraction since early childhood?

In every case, you will find that these individuals did **NOT** feel **“Safe”** and **“Accepted”** in their seasons of curiosity.

That sense of being unsafe and rejected grew over seasons, until the only place they felt safe and accepted was in the homosexual community.

Again, these are very tender, sensitive people.

I have also found them to be some of the most **GIFTED** people I have ever met. Their great gifts and great tenderness made rejection so much more painful for them.

The pain I have seen & felt in these individuals often **overwhelms** me.

Q. 4

I have **heard it said** that the Bible does **not** call homosexuality a **sin**. Is this **true**?

Not at all. Many times, the Bible commands us to not have ANY type of sexual behavior outside of a man and woman in marriage with verses such as Eph. 5:3 and Mark 10:6-9.

Beyond those verses, the Bible specifically lists homosexuality as a serious sin, similar to pornography in the passages: *Lev. 18:22, 20:13, I Cor. 6:9-10, I Tim. 1:10*. In Gen. 19, Sodom and Gomorrah is explained as sexual immorality and unnatural desire in Jude 1:7.

However, the **strongest** and **clearest** passage is in Romans 1. This passage not only **describes** same sex relationships in **detail** but also emphasizes that the **root sin** is when a **human** takes the stance that: "*I decide what is right and what is wrong*", **knowing** full well that they are **defying God** in the **process**. Romans 1:18-31

Q. 5

Do I really **CARE** about the **Individual**?

If I am an opinionated sideline critic, I do NOT have to invest myself deeply into serving individuals.

Here is the **most important question**
of the **entire booklet**.

If someone who had been involved in the homosexual lifestyle came to me personally as a friend and told me that they did **not like** their lifestyle, they wanted to **change** & they **wanted out** of the homosexual lifestyle; WHAT would I SAY to that SINGLE PRECIOUS PERSON?

Counselors and caring friends do not have the luxury of being sideline critics. We care deeply about each person as an individual.

"Go Away!"

Would I tell this
tired, sad individual that
they have NO CHOICE!

**"I Don't
Care!"**

**"Not My
Problem!"**

They have chosen their identity
based on how they FELT
at one time in their past,
and they now
HAVE TO STAY
in that lifestyle
for the rest of their lives?

**"Don't
Bother me!"**

The wording of the person involved in homosexuality who is pleading for your help will be very specific. They will gently say to you:

*“I **wish** that I was **not** this way!”*

or

*“I **wish** that I was **not** like this!”*

It is a phrase that **every single person** in the homosexual community feels very **often**. There is so much sadness and weariness in the homosexual community.

Please note that this “Wishing” is **God calling** out to them. You will hear the **same** thing from people who say:

- *“I wish I didn’t have such a **temper!**”*
- *“I wish I was not so **selfish!**”*
- *“I wish that I was not tempted by **drugs!**”*

This “Wishing” has nothing to do with society or people judging them. It is God calling them deep in their heart.

You **NEVER** hear people say:

- *“I wish I didn’t want to be **kind!**”*
- *“I wish I didn’t have so much **joy!**”*
- *“I wish I wasn’t **heterosexual!**”*

God has put a conscience in each of our hearts. When our conscience whispers to us, we wish to be more than what we are at present.

That is why the **MOST IMPORTANT Question** in this booklet is?

*“How will I **RESPOND** when this hurting, tired person shares their **painful desire** to be **different** with me?”*

Conclusion # 1

 - **Historical Evaluation**

Never before in history has an entire world embraced a conclusion that is 100% completely illogical, completely unscientific, yet causes billions to defiantly tell God that He is not God and that each person decides their own morality.

If you have read this booklet and you are NOT someone who lives ONLY for Jesus as your Savior and Lord, please **recognize** that this is a **world wide sign** that we are in the very **END** of the “End Times” and Jesus could return any day.

Please search out the truth of Jesus and don’t delay.

Conclusion # 2 – Research Options

Fab 5 → 5 Short Booklets on Researching Jesus & Christianity

I personally was **not** raised in a **religious** home. As a teen I spent 5 years deeply investigating **every world religion**.

I did **NOT want** to be a Christian! I wanted ANY other religion to be true except Christianity. However, **MORE** than I **disliked** Christianity, I desperately wanted **clear, logical, provable** answers to **hard** questions. That is the background of these 5 booklets.

1. **Christianity** - The **ONLY** Logical Religion
2. **Hell** – Why Would a Loving God Create an Eternal Hell?
3. **The Blood of Jesus** – The Most Powerful Words Ever Spoken.
4. **The Cross** – The Story of the Last 24 hours
5. **Test Yourself** – Do your Life Goals bring you LIFE?

If you were raised in church and are passionately committed to Jesus, these booklets will give you great joy and confidence.

If you are not as familiar with Christianity, you will find yourself fascinated by these booklets. These 5 studies ask and answer the **HARD Questions!**

Conclusion # 3 – Relieved & So Sad!

For many sincere Christians, your **emotions** are very **MIXED** right now.

You find yourself **RELIEVED**

that someone gave **kind, well-reasoned, Biblical** responses that expose **Satan's real plan** on this subject and the **world's cruelty** to the **victims** of this **propaganda**.

At the same time, you feel so **very, very SAD!**

You **DON'T LIKE** **conflict** and the **deceived** people you know get **SOOO ANGRY** when this subject comes up.

Your **sadness** and **hesitancy** are **normal** and **right** and **Godly!** The **Lord** is so **pleased** with your **tender** heart!

It is very possible that the Lord Jesus is **NOT** asking you to **INITIATE** this dialogue with others.

- This material is for Pastors & Youth Pastors
- And for **you** to have as a **RESPONSE** when someone asks you about this subject.

That is why
II Pt. 3:15
 is on the
cover of this booklet.

1 Pt. 3:15 But in your hearts revere Christ as Lord. Always be prepared to give an answer to everyone who asks you to give the reason for the hope that you have. But do this with GENTLENESS and RESPECT.

If you have a **family member** or **close friend** who is embedded in a homosexual lifestyle, this booklet helps you to see how to be **kind, encouraging, loving** and **patient** with them.

At some point, they will be sad and tired of their lifestyle and you can **ask permission** to share some **OPTIONS** with them through this booklet.

Your prayers and love will allow them to feel safe with you. You can trust Jesus to reach them because Jesus loves them so much more than any of us can imagine.
