DISCUSSION QUESTIONS

Read Ephesians 6:10-24 together:

This week we talked about putting on the whole armor of God, in our fight against the enemy. What is your favorite action movie?

What battle are you currently facing in your life, and where do you experience it most prominently in your day-to-day life?

Which piece of armor do you find most difficult to apply in your daily life, and why?

What practical steps have you taken to integrate this piece of armor into your daily routine?

Pastor Anthony said on Sunday that we fight for people, not against people. What does it mean to you to "fight for people"?

Sometimes sharing prayer requests can make us feel weak or insecure. Do you have prayer requests that you haven't shared with the group? Let's share now and fight for each other in prayer.
