To start read Genesis 1:26 NIV, Genesis 2:8 NIV, Ephesians 3:16-19 NIV together. Have this in context as we cover today's questions.

Name a group you've been part of that you would say was the most unified and connected (coworkers, college group, athletic team, church group, etc.)

What would you give as the reason that group "worked" or connected so well together?

What do you value about community?

People are difficult what makes them worth fighting for? What causes you to get stuck?

When we're together we see God work in the most powerful ways. Describe an impactful event that you have experienced with others.

What might we do in our group to make sure we are fostering this discipline of community both inside and outside of our group?
