**Study Notes**

1. We have all heard the term "History repeats itself" Is this a true statement and do we see this happening in our culture around us?

"It is not worth while to try to keep history from repeating itself, for man's character will always make the preventing of the repetitions impossible."  
~ Mark Twain

2. Has history repeated itself in your life or family?
  - In what ways has broken relationships impacted you personally?
  - How has this impacted relationships with others?
