October 8th, 2023

Our Goal:

1. Developing Biblical Community
2. Honesty in dealing with heart issues.

Healthy Biblical Community produces _____.

_____ Christians in the church help to correct _____ in the church.

James 4:8 (LSB)

Luke 11:52 (LSB)

To mature in our faith, we must go beyond just _____ and begin to engage the _____ at a heart level.

Luke 12:13-15 (LSB)

The cry of this man's heart: If I only had.....

Luke 12: 16-21 (LSB)

Your _____ and _____ are found in Christ alone. It is in this Gospel alone that we find satisfaction, freedom, and life.

Application:

1. Christ is not interested in being a slave to us.
2. When we have the wrong idea of what Jesus came to do it will wear us out.
3. When we can see our hearts & understand why Jesus came to this earth it will prepare us to be better followers of Christ and ministers in the church.

Life Group Discussion Questions:

- 1) Are there any areas of my life where my heart is longing for things other than Christ? What about in the lives of those in my church?
- 2) Am I inviting input from others to help me see myself / and my heart better?
- 3) Is there a culture in my community (church, life group, family) that fosters input?
- 4) Is it possible to build authentic and deep Biblical community without transparency and trust?
- 5) What is the difference between giving Biblical input and guidance versus being critical or having a critical spirit?
