Getting to Know You

1. Share an experience where you had to deal with renovation. (house, work, highway, etc) What was it like and what was the hardest for you to deal with?

Going Deeper

1. Read Psalm 19 again. How does David describe living with an accurate view of God and His word? What are the things he has come to really appreciate and value in life?
2. Read Acts 10. What had Peter learned from tradition and family of origin that if not changed would hinder his ability to preach the gospel? How long did he struggle with this?
3. Of the obstacles which one is most difficult for you? Begin praying that God will give you strength and grace to face it head on.
