Why spatial computing, wearables and robots are AI's next frontier

Apr 21, 2025

The WEF wants us to wear wearables too 😊

The whole reason for Apple watches, fitness trackers, sleep trackers etc. was to normalize wearable tracking devices so the transition to implantable or swallowable devices was easy, seamless and expected.

In the same way video games were created to introduce avatars, a digital extension of yourself and normalize the metaverse and augmented reality.
