

## **DISCUSSION QUESTIONS**

### Ten — Part 9

1. What are some of the ways people steal, cheat or scam other people these days? In what ways might things be getting worse when it comes to thievery in our culture today?
2. Have you ever had someone steal something from you? Besides losing something valuable, what were some of the negative results of the theft?
3. 3. Read Exodus 20:15; Exodus 22:1-4; and Proverbs 6:30-31. Why do you think God hates stealing? Why do you think the consequences for stealing are so significant in these verses? How do you think we should deal with thieves in our culture today?
4. Read Proverbs 20:17. What do you think this verse means? Are you willing to admit you have ever stolen anything? Were there any consequences for your actions?
5. Read Ephesians 4:28. What do we learn from this verse about how Christ wants to change our lives? Can you think of other examples where God wants to change us (e.g. from being liars to truth-tellers.)
6. What do you think we ought to do if we have stolen from someone?
