

DISCUSSION QUESTIONS

Ten — Part 6

1. Would you be pleased with your children (or future children) if they honored you the way you honor your parents? Why or why not?
2. Read Ephesians 6:1-3. What encouragement do you get from the “promise” attached to this commandment?
3. What needs do your parents have that you can care for? Even if your parents don't have physical needs—they certainly have other needs.
4. Ask your parents what makes them feel valued most and start or continue doing that thing.
5. What changes would this make in our society if everyone took this command seriously and tried to honor their parents?
