TO THE GLORY OF GOD
FOR THE ADVANCEMENT OF HIS KINGDOM

OUR 2018-2028 VISION

★ To see 5% Kingdom growth in Clark County over the next 10 years.

► How will we begin doing this?

By equipping and empowering the Body of Christ

- Leverage discipleship tools & expand training
- Multiply Life Groups & continue coaching model
- Develop Intern program into a school of ministry
- Explore options for international church planting
- Leadership development for marketplace ministry
- Partner with other local churches & agencies
- Plant additional campuses

► What is our model for future Kingdom growth?

Multi-site and church planting

► What practical challenges are we facing?

Full facilities; renovations and new site cost

- Both campuses are at or past 80% capacity
- HP lacks children's classrooms, sanctuary seats and adequate space in the lobby
- Westside has outgrown portable classrooms and meeting spaces; no kitchen & limited lobby space
- Renting, buying or building new space is costly
- Church plants can require ongoing financial help
- Room to accommodate growth from two new subdivisions bordering HP campus

- Where should we plant a 3rd campus?
- Generosity needed for expansion funds
- Unity within the Body of Christ in Vancouver
- That God would move in the hearts of people
