DISCUSSION QUESTIONS

1. What are some of your favorite "underdog stories" where an unexpected team found success because of extraordinary teamwork?
2. Paul points to people of MANY different backgrounds who are part of his ministry team. What different types of people have you worked together with in a ministry setting or missions project?
3. Right as things are going well in the Roman Church, Paul warns that the Enemy may send false teachers to side-track the mission of the Church. Have you ever experienced an "attack of the Enemy" right on the heels of a victory? What was that like, and what did you learn from it?
4. Think about the "Team" of people God used to lead you to faith in Jesus. What different kinds of people did He use? Over how long a period of time? What does that tell you about our need to work together to accomplish the mission?
