

Day 10 - Wednesday, January 19, 2022

Romans 8:28 (NLT)

“And we know that God causes everything to work together for the good of those who love God and are called according to his purpose for them.”

Nothing in life is wasted. Let’s repeat that phrase. Nothing in life is wasted. Everything we go through is used by God and worked together for good, when we live according to His purpose for our life. God has a purpose for your life. His purpose and plan does not mean life is going to be easy. There will be difficulty, trials, success, and failures. In fact, you might be in a season right now where the path God has you on is more foggy than it is clear.

God does not promise that everything we go through will be good. Actually, Jesus gives a little different perspective in John 16. Jesus says we will have trouble in this world. Yet, when we are living according to God’s purpose for our life, God uses every struggle and success we go through to make a beautiful mosaic to display His goodness. If you’re in a good season God will use it. If you’re in a tough season God will use it. He will work all things together for good.

Today’s Promise: God is working everything you are going through together for good.
