Read the verses: John 7-9

First, reread the story of the healing of the blind man...discuss what stands out to you in the story about Jesus and his purpose as well as the blind man both before he was healed and after.

Then consider the following...

How did you meet Jesus? What do you have to say about Jesus today?

What is most perplexing about Jesus? Or the way in which John is recounting the story?

Are you cautiously curious like Nicodemus? and why? Wanting to stay close and engaged like the disciples? and why?

Do you still have doubts? What are they?

Where would you like to "see" Jesus work further in your life? Share at the level you're comfortable with now, OR just lay it out with your friends. There's really nothing to lose.
