# Where We Have Been and Where We Are Going

A Journey of Progress

# Expectation:

*the internal picture we carry  
of how something should be,  
even when no one has  
promised us that it will be.*

# Expectations & Church

# Disciple:

*Someone being shaped by Christ,  
living under His loving authority,  
and learning to align their desires,  
choices, and relationships with  
the heart of God.*

# Where Are You?

**Where do I feel most disappointed,  
and what does that reveal about  
what I wanted most?**

**Am I still open to being changed,  
or have I quietly decided I am  
finished growing?**

# Where Are You?

**How willing am I to let others see my  
weakness, not just my strengths?**

**Where is Christ gently inviting me to  
trust Him more than I currently do?**

# Where Are You?

**When someone offers feedback,  
do I become curious or defensive?**

**Do I see myself primarily as  
a recipient or a participant  
in Christ's body?**
