:: Pray:

Heavenly Father, we thank you for the majesty and beauty found in nature and the many ways your glory is proclaimed to us and to the rest of the world. But we also thank you that by your word, read, spoken and proclaimed, we come to see the real beauty that is you; the beauty found in a cross on a hill, an empty tomb nearby, lives set free of the power of sin. Lord Jesus we thank you for all the ones before us who have poured your word into our lives, leading us to where we are today. We humbly pray that you use us to pour your word into the lives of those near us that they too may understand the Truth and the beauty that is you. Amen
