Question: Some churches say that all you need do is “name it and claim it”. But what problem might arise from someone who “names and claims” a new sports car, or a new home?

Question: **Read Matt. 16:24-26 and 2 Tim 3:12** How do these texts contrast with the understanding of the Health and wealth gospel?

Question: How might you bring the word of God in John 14 about prayer (above) in line with the other texts.

:: Apply it to Your Life

Question: A key word in the prayer text above is “that the Father may be glorified in the Son” How does that change our requests to God in Prayer?

Question: How do you think one could respond to someone who told you they “prayed to God for a new house and God made this one come on the market at just the right time?”

:: Pray: Lord, forgive us for the times we have simplified your word to mean something that it doesn’t. Help us to encounter your full word in all its grace and mercy and may we come to glorify you in the knowledge of it and by living it daily.

For we pray this in Jesus’ Name.
