

## Weekly Worship Meditations and Preparation Thoughts

For meditation from Sunday's worship: Read Luke 14:1-14

- Thank God for healing He has brought in your life.
- Choose a verse from this reading to put in your digital calendar, on your mirror, or anywhere it would help you hear God's small voice.

For preparation for next week: Read Philemon 1-21

- Looking at verse 11, is there anything in your life you have written off as "useless" to God?
- Looking at verses 1-2, if you wrote an introduction like this, who would you include in your household?
