How many people were added to the church - How will they be ministered to?

Acts 2:38-47 Shows us what the church and its leaders did to minister and aid the growth of its nearly 3,000 new members. like

They...

1. Devoted themselves to teaching
2. Fellowship
3. Worshiped
4. Evangelized

Explain what each of these means and looks like.

Being a witness demands an open tender heart that is always growing in the experience it proclaims.

To be a witness we must have logos (the word of God), ethos (the inner reality of what we proclaim) and pathos (passion).

The Lord demands expansive hearts.

Define Fellowship and Koinonia.

Fellowship is how we get small.

True fellowship means we will spend and be spent.

Ways to have true fellowship.

How will this impact our church and the world around us.

Let's be a church where the Spirit reigns.
