

Let the Light In

With a hard heart, I cannot love you  
A heart full of envy, I can't breathe  
A heart that's jealous, I will have no joy

Let the light in  
Let the light shine in  
Into my heart  
Into my heart, God's love in  
Let the light in  
Let the light shine in

So, I can pass it to You  
Will, will you pass it to me?  
Let us be free

With a hurt heart, I cannot love myself  
A heart full of sorrow, I can't give  
A heart that's unforgiving, I will find no peace

Let the light in  
Let the light shine in  
Into my heart  
Into my heart, God's love in  
Let the light in  
Let the light shine in

So, I can pass it to You  
Will, will you pass it to me?  
Oh, let us be free
