

I Believe in You

This is my Savior
The One who led the way
To my freedom
Out of my despair

This is my Savior
The One who led the way
To my freedom
Out of my despair

And I believe in You
I believe in the things You do
You turn everything around
For Your glory

And I believe in You
I believe in the things You do
You turn everything around
For Your glory

This is my treasure
My faith in You, Jesus
Blessed riches
Beyond what I could ask

This is my treasure
My faith in You, Jesus
Blessed riches
Beyond what I could ask

And I believe in You
I believe in the things You do
You turn everything around
For Your glory

And I believe in You
I believe in the things You do
You turn everything around
For Your glory

There's no shadow of shame on our faces
There's no shadow of shame on our faces

On the faces You save, Lord
On the faces You save, Lord
There's no shadow of shame on our faces
There's no shadow of shame on our faces

You love us
You shed Your blood for us
You made us Your Kingdom
You love us
You shed Your blood for us
You made us Your Kingdom

And I believe in You
I believe in the things You do
You turn everything around
For Your glory

And I believe in You
I believe in the things You do
You turn everything around
For Your glory

And I believe in You
I believe in the things You do
You turn everything around
For Your glory

And I believe in You
I believe in the things You do
You turn everything around
For Your glory
