

Patience

Patience has its perfect work in me
Your patience refining me
Patient Jesus
You do wait
For all who will come
Come and taste

You died once for all our sins
And You will come again to bring Your new Kingdom
But now You stand at the door of our hearts
And cry, "I've done it!
I've done it
Come all who are tired
I've done it
I've done it
Open your heart to life."

Holy and good
Is who You are
So, You wait, Jesus
For the last who will come to You

Oh, what peace
You do bring
With a new song to our King
Our praise we do sing

You died once for all our sins
And You will come again to bring Your righteousness
And every knee will bow to You
But now You cry, "I've done it!
I've done it
Come to Me now
I've done it
I've done it
Believe, and you will see"

Jesus, holy and bright
Jesus, what's good and what's right
You've done it
You've done it
Jesus, You are life

You've done it
You've done it
We join You in Your cry
How You've done it
You've done it
Defeated Death with Life
