

Love One Another

Take a hold of your heart
And keep it warm in your hands
Don't let others make you let it go cold
Love each other as He told

Jesus, Your love's never-ending
Jesus, You died for us
Jesus, You came to teach us
And You ask that we might love each other
As You love us

Give us all Your peace
In our times of need
Don't let our fears and hate
Close the love we have inside

Jesus, Your love's never-ending
Jesus, You died for us
Jesus, You came to teach us
And You ask that we might love each other
As You love us
