

Risen Lord

So beautiful are Your ways
How wondrous Your works
No darkness in You
You never switch or change
How trustworthy
How faithful

Jesus, thank You, You never leave me alone
Lost and abandoned are not Your ways
Oh, I love it when Your goodness works through me
Have Your way
Have Your way, Jesus

No better hands to rely on
You hold every breath and every life
So proven God are You
You're real, and You speak into my life
You help me
You don't forsake me

Jesus, thank You, You never left me alone
Lost and abandoned are not Your ways
I'll seek only You, Lord
I trust only Your Words
Have Your way
Have Your way, Jesus

You died for my soul, Jesus
You walked the road of pain for my soul
You took the nails and shame for my soul
So, You could speak to me
So, You could tell me
How much You love me

My risen Lord
How much You love me
You ripped the veil
My risen Lord
How much You want me
You broke the chains of death for me
My risen Lord
Have Your way
My risen Lord
You reign
